“ *I so remember when Aaron, Darin and Stacy would come and spend the summer with us. I believe it was because we had a pool! Aaron would get so sun burnt every year and would be so mad that he could not go back out to the pool. The first year was horrible for him with huge blisters, but they never slowed him down and still wanted to go play with the family*

“ Regina,  
My name is Scott Evans. I own a tire supply company in Texas. I only met Aaron once at SEMA show but talked to him often by phone. Aaron was great to deal with always being more than fair in his dealings with me. Please know I'm praying for you and your daughter.
