“ *One of the many cherished memories of Grandpa was when he was sitting in the back room of his big garage working on the many motorcycle's he has. He knew exactly where every part that he needed was in his big ol room.*

“ *I love this picture of Dad. What a great smile. Dad you would love how everyone is laughing and smiling at all of the wonderful memories you left us with. We all know that you are resting in Heaven because of the life you lived and the man you were. We all thank you for the example you set for us. I bet Jesus has you in charge of the sound system already. Love you Dad.*

“ Charlie always had a smile on his face when he saw you and always had time to stop and talk to you. If you needed help with anything he was there if at all possible. A very treasured friend, full of brotherly love and utmost kindness. I miss both Brookie and Charlie.
