“ When Tiny was building their home at the Franklin farm, my two boys, John and Rick, and two of their friends stayed with Tiny for a week to help him out. They got a lot of work done but at the end of each day I don't know who was more aggravated, Tiny or the boys. But every night, Tiny made home made ice cream for all of them and everything was fine.

Tiny was like a brother to me. We worked together at Cilco for many years. We both were pretty onery, pulling tricks on each other or someone else. What one didn't think of the other one would. But we always got our work done and enjoyed working together. I will always cherish the friendship and memories we had together. John H. Smith

“ Marie: Norma and I were sorry to hear that Tiny passed on. We were so glad that we got to visit with you and Tiny recently. I remember we all cried when we seen each other. Then I started telling Tiny about some things that happened when we were working at Cilco. It wasn't long and we were both laughing and he was telling some stories too. We were all talking and having a good time. It was a wonderful visit. We will always remember the good times we shared in Florida too. Our heartfelt sympathy goes out to you and your family. “ Uncle Junior was a very special person to our family. He was "Unk" to most of the kids and was appreciated for his humor and teasing. When he came to the Meyer Chili suppers he would always tease the teachers in the family about how he had no use for teachers. We knew he just loved to stir the pot, so we bantered back and forth until he would just smile and let it go. He will be missed. Our thoughts and prayers go out to the family.
