“ Colette was a dear friend of mine, we worked together many years ago. She was a very special person. You will be missed, Colette.

“ I remember how me and Collette use to be friends in grade school. If you seen one, you would see both of us. I lost track of her when we graduated. I've thought of her many times and wondered where she was and how she was. Im so sad to see she was still close all these years. I would have loved to see her again and talk about our young childhood. She was a very special friend to me and my heart goes out to each and everyone of you. She walks with God now. RIP my old childhood friend. Til we finally meet again
