I met David in November 1982, when I started work at the State Hospital in Jacksonville. David took me under his wings and helped educate me greatly in a very intense work atmosphere. After 2 years there, I got a computer job in Springfield, but tried to stop by to see him at JDC, a couple of times a year to see how he was doing. He always had a smile and made me laugh with just a look at him. We both had an interest in riding Harleys and I always thought of him as a brother. He will be greatly missed.
