“ *I have many fond memories of my cousin, Dino. I admired him, his ambitions and his drive, and mostly, his intelligence. When I was a young lady in school having to do a book report, I have a wonderful memory of Dino helping me to complete my book report. I have memories of when he and Danny & Cindy (his twin siblings) lived in Colwyn PA and being over at their home, them coming over to my home.. them moving out to Oxford, PA, visiting and being so wow'd they had a beautiful property with a lake in the back yard. My sadness when Dino came home from the service one weekend riding his motorcycle (the helmet being the only thing that saved his life when he slipped on gravel) We went to visit him in the hospital.. he was in a coma for 7 months. I was devastated. I remember how beautiful a person he was both inside and out. How smart he was and how kind and caring he was .. always.. God bless you Dino.. I know you passed before your father who I know very well talked about you so lovingly and was so proud of you. I remember it well.. I miss you and I pray you are having a wonderful after life in Heaven with Our Lord Jesus Christ. I love you. I hope you know that where you are that I think of you and was blessed to have had you in my life as my cousin.*
