“ *The memory of Eleanor Evans goes back to the 1940's. She was always a friendly, kind, compassionate lady, and a very good cook. I personally have ate many Sunday dinners in her home and always enjoyed visiting with Eleanor. Professionally, Eleanor was very health concerned and was serious about taking care of her health, and it resulted in a long 96 years. This has proven that you cannot start at age 70 to try and correct your health, it has to begin in your teen years. Homegrown vegetables and farm raised meat contributed to Eleanor having good health, and her long life is a testimony to Jesus Christ who lived within her heart. Hard work, Jesus Christ, and healthy living was the example that Eleanor has left for us. I am very much looking forward to seeing Eleanor and her long time husband TED soon, when I too will join them in Heaven. In Christ Jesus we are family and what a joyous reunion that day will be !*
