“ Uncle Terry and Family

*I am deeply sorry to hear of Aunt Gloria's passing. She was an inspiration in my life, I will cherish the memories that I have of her and will regret not keeping in touch with everyone. Aunt Gloria taught me a lot as a youngster and the times I seen her after I became a teenager. The talks we had, the laughs that we shared, I will carry close in my heart. I know Aunt Gloria is in heaven with everyone she has lost in her life. It gives me comfort knowing that one day I will see her again. I cant imagine what the family is going through but I know that your faith will help you.*

*One thing I remember and laugh at often to myself especially when I think of my own fears and probably the only time I can think of that I ever heard Aunt Gloria yell. I spent two weeks with her and the family in 1987, Deb and I was helping her clean the house, we was in the boys room gathering laundry when Aunt Gloria began to scream at the top of her lungs. Deb and I jumped and ran, found her on the back porch with a curtain rod in her hand hollering get it, its trying to get in. Aunt Gloria was so red in the face from screaming, we strained to see what it was that she was talking about and finally we saw at the end of the curtain rod was a small black snake trying to get in through a small knot hole in the wood floor porch. Deb came to the rescue and kept the snake from getting in. I think I was in a little shock because I had never knew my Aunt Gloria was ever afraid of anything. I have many more memories that one day I will hopefully be able to share with her grandchildren and great grandchildren. God be with you all in your time of grief, lean on each other, share your memories and laughs along with the tears. I love you all.*

*Uncle Terry & Family:*

*I am very sorry to learn of Aunt Gloria's passing.*

*Having just lost my own Mother to cancer, I know the pain caused by the separation of a loved one's death. Take comfort in knowing Gloria is with the Great Physician and she is not suffering any longer.*

*Think about the move she made this week...stepping on shore and finding it Heaven, touching a hand and finding it God's, breathing new air and finding it celestial, waking up in glory and finding it home. Amazing, isn't it?!*

*I lift you up in prayer asking God to give you peace, strength, hope and comfort for the days ahead. May the many wonderful memories of Gloria keep her close to you always.*

“ I suppose my oldest memory of my grandmother that most accurately depicts who she truly was as an woman, was of my stay at her home in 1984. I was 4 years old and I remember her caring for her own grandmother, Minnie Vannier, who was in her 90's and of declining health.

To devote your time as a mother of 7 children, step-children, grandchildren, spouses parents, siblings and work as a nurse, is a challenge itself. To additionally devote your time, resources, and love to an aging grandparent on top of what you have already accomplished is exceptional. In the best of times I'd say "Gloria Jean" had more on her plate than almost anyone. To learn to care for your elders is a gift that should be passed down to every generation, and I thank her for the fine example she set.

I say this with a small handful of my own memories and of a woman I know little about. I am privileged to have known my grandmother, share a name with her and I will forever pass on what she has shown our family of life, be it good or bad. We have undoubtedly learned much from Gloria Jean Vannier's experiences and those memories will forever shape who we are and who our children will be.

Anyone who takes the time to read this and would like to contribute information to an ongoing family tree I have been building, please email me important dates, names, photos, stories or events. (Old or New)
