“ *Scott, Linda, Bailey and Kacie,
So sorry for your lost. My deepest sympathy at this sad time. I will cherish the
Wisteria start that she let me have.*

“ *Karen was a significant part of my childhood. She cared for me like I was part of
her family. I would visit her daily, and we would sit out on her swing and talk. She
helped me with school science projects, and even bought me my first pet (a
parakeet)! I really valued my relationship I had with Karen and I hope she is in
peace.*
