I went to school with Karen from grade school through high school. What I remember most about her was her extremely long hair in grade school and the fact that she always sold the most cookies during our Girl Scout troop's cookie sales. My sales would total less than 25 boxes, and I was thrilled with that count. But Karen would swoop in and submit sales of more than 300 boxes every year! As an adult looking back, I know her success with cookie sales is representative of not only her commitment but also the love and support of her parents. I am certain Karen showed the same love and support to her children as that which she received from her mom and dad. My sympathy goes out to all of Karen's family. -- Rae Ann Holliday Richardson (JHS Class of 1987)
