“ Jean Ann we are sorry to hear about your dad. So hard to loose your mom and dad so close. I have many fond memories of both your parents. Your mom I always knew and when they married I was 8 so yes I've know them both a very long time. I always tried to visit when back Manchester way. The last time there a few years ago they weren't home.

I picture them singing in the choir honoring our Heavenly Father. Also they have met up with family and friends who went before them. Knowing where they are sure does give one comfort. This we know. Our prayers are with you and your family.

“ Keith was a big part of my life. Introducing me to "politics", taking me places, and then I had the privilege of serving with him at church as a deacon. I'm thrilled he got to see his Cubs win a world series. I now wear bow ties because of him. A gentle, cheerful, man. The kids at church will miss his suckers every Sunday morning.
