“ *So sad to hear of Vern's passing! I was his first wife & traveled from one coast to another with Vern while he was stationed in the Navy! He was a very fun & charismatic guy who loved nothing better than playing a tune on his guitar, being with family & friends & enjoying life! My heart & prayers go out to his mom & all of the family! Fly high Vern! You will be very missed.. 🙏🙏🙏*

No idea how I am just seeing this. Hope he knows that my girls and I bake him a birthday cake every year for his birthday and his guitars are displayed and admired by the kiddos. One of them is wanting to learn to play!
