“ Me and Rich have been friends for over 55 years. I first got acquainted with him as his mom and mine were very close friends. Basically I grew up with Rich and Mike, as well as Terri and Cookie. There are so many memories as kids but one in particular I want to share. My running buddy left me for a while to live in Germany and that was sad. When he came back, we picked right back up and that was great. I will always remember staying over night at his house and his Dad made sure we always took turns saying grace at the dinner table. We were young and wild , but not without God and Dick made sure we were straight on that. Also, I was kind of a wimp, and Rich always had me covered when jerks were around. I will miss my friend for sure.
We were all lucky to know him. God Bless you Lisa and family!
