“ *Tracy was one of a kind. She had such a big and caring heart, always the first one there to lend her helping hand and it didn't matter what it was, she was never too busy. I will always remember her generosity when our Dave was very ill with cancer and she was right there to help so I could work. She and Otis ended being Dave's dog "chip" best parents ever as well. You will be missed Tracy. ❤️*

Tracy was a very caring and compassionate person. We worked together many years ago at Modern Care. I remember her helping me bake a cake and celebrate the birthday of one of our male residents. We had many fun times after work too. I will always have a special place in my heart for Tracy.
